#### Trends during 1950-51 to 1983-84 and 1987-88 to 1988-89

Statement No.1 depicts the trends in income from different sources for all types of Institutions put together during the period 1950-51 to 1983-84 and 1987-88 to 1988-89. It may be seen that Government fund is the major source of income for Educational Institutions of all types followed by local bodies and fees.

It may be seen from Statement No.2 that the share of Government Funds has increased/decreased from 57.00% in 1950-51 to 81.51% in 1983-84 and 85.94% in 1987-88. to 83.08 in 1988-89. It is also interesting to observe that the share of fees has decreased/increased considerably from 20.39% to 7.50% and 4.17% to 6.72 during the same period. The share of endowment and other sources has also decreased/increased considerably from 11.62% in 1950-51 to 3.78% in 1983-84 and 3.09 in 1987-88 to 4.08 in 1988-89. From these it may be inferred that Government is the main funding Agency for all types of educational programmes in the country. The percentage share of local bodies funds has also decreased/increased from 10.9% to 5.6% and 4.17% to 6.72% during the same period.

The main reasons for increasing share of Government funds for running of various types of Educational Programmes are:-

(a) School level education has been made free upto Class VIII in almost all the States and even upto Class X in some of the States : (b) large number of Government Schools have been opened in rural areas; and (c) Grants to private institutions by the Government have also been liberalized to enable the private

schools management to meet the increasing expenditure.

No doubt large number of private schools (mostly english medium) have been opened since Independence but most of these are located in big cities and towns only to cater to needs of ever rising ambitions of middle class parents who can afford to pay high fees for such types of schools. Many of such schools are unrecognised and are not covered under the existing system of collection of Educational Statistics as a result of which income/expenditure in respect of these unrecognised schools is not covered in the figures reported in this publication.

NOTE: The Financial Data for Maharashtra, Mizoram, Dadra and Nagar Haveli and Lakshadweep relates to 1986-87 and Uttar Pradesh, Madhya Pradesh, Jammu and Kashmir, West Bengal relates to 1987-88.
